FRANKFORT DUMPED

BY MAYSVILLE TUESDAY BY THE SCORE OF NINE TO TWO—LOCALS STEAL TEN BASES.

Frankfort, Ky., August 31.—Land- ing on Monroe in the third and ninth innings, Maysville defeated Frankfort easily. McGraynor, pitching for the visitors, kept the hits well scattered except in the eighth inning, when a single and a home run by Henges netted the locals two runs. The heavy batting of the visitors and the splendid pitching of McGraynor were the fea- tures. The score:

HURRY UP!

ONLY THREE MORE DAYS LEFT IN THE FIFTY-THOUSAND EX- TRA VOTE OFFER.

Conspicuous changes will be noted today in the number of votes appearing opposite the names of candidates in the Daily Bulletin-Public Ledger auto contest, an analysis of which shows that heretofore inactive contestants have caught the spirit of vote-getting and are pressing closely toward the top. Gains have been made on practi- cally on every hand and no young woman is secure in the knowledge of be- ing, for the time, at the head. Appar- ent, too, is the fact that young women have been nominated, but passed the matter as being insufficient conse- quence, have succumbed after all to the tempting prizes that are offered and immediately put forth energetic efforts.

It's hard to resist an offer of an au- tomobile of the latest model, high-powered and fully equipped, and above all, given without a cent of cost. And it's doubly hard when all your friends are standing just back of you, urging you onward, and offering earnest as- surance of their support.

That's why the several dozen young women, whose names are printed here, are spontaneous in their one over- whelming desire to get the most votes. Interest never was so enthusiastic as in this campaign. Nor has the public ever before watched with such interest the race that is being run.

Still, a little mathematics will show that it is but a short distance to the top. Pick out the young lady who is leading today in the number of votes. The voting schedule will show you that but a few subscriptions—you could count them on one hand—would place a new contestant who hasn't even been nominated yet, in equally as com- manding a position. That voting sched- ule, by the way, is an elastic affair. That is to say, so little is necessary to gain so much.

Despite the fact that this campaign is bringing this past wonderfully suc- cessful week to a close, nominations are still being received from Mays- ville as well as the outside district. The girl who enters tomorrow may be the one who will claim the magnif- icent Saxon Six touring car.

The 50,000 extra vote offer applying on clubs of five yearly subscriptions, means much to the one just starting. The offer closes Saturday night at 9 o'clock. Candidates residing outside of Maysville should see to it that in sending their subscriptions to the campaign department, that they are mailed before this hour, as their local postmark will determine whether they have been sent in time to be included in this offer. Special vote coupons will be mailed to all candidates who are entitled to them as soon as the of- fer closes.

GONE TO REST

EDWARD J. FOX PASSED AWAY LAST EVENING AFTER YEARS OF INVALIDISM—SON OF NOTED PIONEER PARENTS.

Edward Jefferson Fox passed away at 8:30 Tuesday evening in this city after years of invalidism and long- borne suffering, caused by rheumatism which had afflicted him for over forty years.

"Judge Fox," as he was known to his relatives and friends, was born at the old homestead near Dover, on April 6, 1839, and was in his seventy- seventh year at the time of his death. He was the youngest son of a family of thirteen children born to his parents, Arthur Fox and Lucretia Taylor Fox, one of the noted pioneer families of Mason county.

Cradled in luxury, "Ned" Fox grew up, a spoiled and petted youth, and when the age of manhood came he was unchanged and remained un- changed up to the very hour of his de- parture from this life.

However, he had one accom- plishment which the very heavens above seemed to have endowed him with. He was a very genius in play- ing the violin and thousands whom he charmed with the melody of his sweet- ly drawn notes can hear them now when memory re-harps them to the ear.

"Ned" Fox loved fun, the fair sex and music; all other things in life were dross commonplace and gloomy to his peculiar mind.

Now that his body is a mere lump of clay and his gentle, if singular, soul is now soaring and singing in the celestial choir, will not the Maker of all things add to the harmony of heaven the more than sweet and pathetic music of his violin?

Mr. Fox never married, but no in- dividual in the large circle in which he lived ever had more "sweethearts" than he. It is said of "Ned" Fox that "he fell in love with every pretty girl he saw." It was merely a weakness with him.

Of all his large number of brothers and sisters only two now survive, Mrs. Hannah C. Curran, of this city, and Mrs. L. C. Anderson, of Dover. He leaves relatives by the hundreds and countless friends, who will think of him as they knew him when his magic fingers wrought such strains as touch- ed the very chords of the heart and soul.

The remains will be taken to Dover this afternoon and to the home of his sister, Mrs. Anderson, where they will lie until Thursday afternoon at 1 o'clock, at which hour the funeral services will be conducted by Rev. James H. Fielding, rector of the Church of the Nativity, this city, of which Mr. Fox many years ago became a communicant. Burial in the old Fox cemetery near Dover, beside his par- ents.

May the grace of the Lord be his forevermore.

CAPTURE ESCAPED PRISONER.

Thomas Brewer, well known in po- lice circles of this city, and who es- caped from City Guard James Clark several weeks ago with a nine-month sentence hanging over his head, was captured by Deputy Jailer Charles El- tel and a posse Tuesday night about 9 o'clock.

The officer received a telephone mes- sage a few minutes after 8 o'clock informing him that Brewer was at the home of J. E. Reed on the road con- necting Third street and the Lexing- ton pike. He gathered a posse and after questioning Reed, who said he had not seen the man for about half an hour, caught the wanted man and his wife in the rear of the Reed home.

He was taken to jail and will be given a trial today. Reed was released on his own recognizance that he ap- pear before Squire Bauer today, where in all probability, the charge of har- boring an escaped prisoner will be placed against him.

The capture of Brewer is the end of a chase that has lasted for nearly a year and in which the captured man had eluded the local officers several times. He will probably be given a year at hard labor and a ball and chain on his leg so he can not take French leave.

Miss Blanche O'Keefe entertained Tuesday evening in honor of Miss Lottie O'Neill, of Elmendorf, Lexing- ton, Miss Mae Hederson, of Portsm- outh and Miss Mary Sullivan, of Lexington. The evening opened with cards, after which prizes were award- ed and refreshments served. Later dancing was enjoyed.

Miss Alice Chamberlain and niece, Miss Alice Purnell, have returned home to Dayton, O., after a pleasant visit with Mrs. John Chamberlain.

Mrs. Eliza Breen, of this city, who has been visiting her daughter, Mrs. Richie, of Newport, is now visiting Mr. and Mrs. R. A. Lane at Muncie, Ind.

CAPTAIN DUNN AND FAMILY MOVE TO LEXINGTON.

Captain and Mrs. James Dunn and six sons left Wednesday morning for Lexington, where they will locate per- manently.

Captain Dunn was born and raised in Mason county, where the name of Dunn has been well known for nearly 100 years. He was in the employ of the railroad company for thirty years, going first with the Maysville & Lex- ington railroad and remaining with that company after it became the Ken- tucky Central and finally the Louis- ville & Nashville.

After leaving the railroad, Captain Dunn embarked in the grocery busi- ness, but this venture was not so suc- cessful and several months ago he closed the business.

Captain Dunn has several opportu- nities in Lexington, but as yet has not decided just what he will take up in his new home. His many friends wish him success.

A WIND STORM WON'T CLEAN A RUG

Throw a carpet or rug over a clothesline and a cyclone coming along cannot blow out the dirt. But if you use a broom and carpet beater to loosen the dirt, the wind would speedily carry away the dust and dirt, leaving the rug or carpet as clean as a whistle. That is the principle upon which the

Hoover Suction Sweeper

is built. It combines sweeping, shaking and suction. The electrically revolving soft hair brush sweeps and shakes loose the surface, adhering and embedded dirt, enabling the powerful suction to carry away every particle of dirt, dust, thread, lint and sand.

If your house is electrically wired it will pay you to rent our suction sweeper and give your rugs a real cleaning. Price \$1.00 a day.

OPENING OF CITY SCHOOLS.

On Tuesday morning, September 7, at 8:30, all of the schools in the city will begin the session of 1915-16. All of the buildings are being put in sanitary condition by the janitors. The walls of the First District building have been tinted throughout and the outside woodwork of that building, the High School building and the Sixth Ward School building has been given a fresh coat of paint. All the interior woodwork has been scrubbed with disinfectants, assuring the patrons that the buildings all over the city are neat in appearance and sanitary.

To save parents and children the embarrassment of being sent away from the school building, all children should report at the school building in the district in which they live. We were considerably crowded in the Forest avenue and Center buildings last year because of some violating this rule, and for that reason we are going to rigidly enforce this rule. The districts are as follows:

First District—Extends from city limits to Patton alley.

Second District—Extends from Patton alley to Limestone creek.

Third District—Extends from Limestone creek to Wood street.

Fourth District—Extends from Wood street to city limits.

Miss Dodson, the former seventh grade teacher having resigned, Miss Minna Gray has been transferred to the seventh grade work; Miss Opal Baugh has been made principal of the Sixth Ward building; Miss Mary R. Loyd, third and fourth grades, and Miss Florence Wilson, fifth and sixth grades, in the Center building; Miss Emma Debold, third and fourth grades in the First District building.

As Miss Debold is the latest addition to the graded school faculty, I feel that I should make the following statement concerning her: Miss Debold graduated from our High School June, 1914, having made high averages in her work throughout the High School course. Soon after her graduation she spent the entire summer in teacher-training work at State Normal, Richmond, Ky. Last winter she was the assistant teacher for Miss Jessie O. Yancey at Orangeburg. Soon after completing her year's work she took the city examination, making a first-class certificate, which is rather unusual for young teachers. At the beginning of the summer session of the State Normal, she again enrolled, taking that course all summer. When Miss Dodson resigned, we were compelled to cast about for another teacher and, owing to the above-mentioned facts, Miss Debold was elected. I am stating this, realizing that there is truth in the saying, "A prophet is not without honor, save in his own country."

Watch tomorrow's papers for some notices concerning the High School. W. J. CAPLINGER, Superintendent City Schools.

The County President had the pleasure of being with the Two Lick Baptist church last Sunday. He found a live, wide-awake Sunday school.

The Third Street M. E. church presents quite an excellent report under the administration of Rev. J. M. Lital. For the previous eight years the average membership has been 246 per year; the past two years it has been 296, showing a net gain of 50 per year. The Sunday school for the previous eight years averaged 83; for the past two years it has been 111 per year, a net increase of 28. This speaks well for both pastor and people. May the church and pastor continue their good work.

At the last quarterly conference of the Forest Avenue M. E. church there was quite a change in the official board. Mr. G. N. Harding remained as Sunday school superintendent, Mr. Bruce Snapp is steward, trustee, recording steward, lay leader and class leader. His associates as stewards are Mr. and Mrs. A. Surrier and Mrs. John Cobb. Messrs. J. S. Simon and Luther Kidder are the trustees.

Mr. Cobb, who has been class leader for a number of years, gives away to a younger man.

In the Second M. E. church, Mr. J. S. Dawson, who has for the past seven years successfully been superintendent of that school, lays down the work and Mr. L. T. Stickley takes it up.

The official board of that church is composed of Messrs. L. T. Stickley, recording steward; Joseph Rudy, George Royce, H. O. Wood and August Hauck.

The M. E. pastors, accompanied by their delegates, leave Wednesday for Covington, where their conferences will be held in the Union church under Bishop Leete.

The M. E. South pastors and delegates leave the same day for Millersburg, where they will hold their conference.

Mr. James McGlone, the popular designer of the Hunt & Sons Company, is spending his vacation this week.

Mrs. J. F. Ryan, of Huntington, W. Va., who has been visiting relatives in this city, has returned home.

HOPE WINTER WILL RETARD WAR'S VIGOR.

London, August 31.—While reports from the eastern war theater, embracing the region from Courland to south-eastern Galicia, indicate that the Germans and Austrians are still pressing the Russians hard in combat or tenaciously following them in retreat, military observers here are hoping that the approaching equinoctial season will limit the further forward movement of the Teutons and force them to be content with the fruits of their past successes as the winter season falls upon them.

Both Berlin and Vienna lay emphasis on the statement that Field Marshal Von Hindenberg's forces along the Dvina river in Courland have renewed their activities which were brought to a sudden halt recently with the success of the Russians in holding Riga, as a menace to Von Hindenberg's rear. In the southwestern Russia in the Brest-Litovsk region, the Austrians and Germans are chiefly concerned in driving Grand Duke Nicholas' armies further into the Pripiet marshes evidently with the purpose of repeating the early success of the Germans in the Mazurian lake region of East Prussia.

To the northwest in the sector lying only a short distance to the east of the East Prussian frontier, Berlin reports an advance of the Teutons and the capture of the town of Lipsk, lying just to the west of the fortress of Grodno, upon which the aims of the Germans now are evidently centered.

City Napoleon Nemesis.
With the opening of the autumn months the military observers are directing attention to the fact that the Russian equinoctial storms are due to begin. They assert that they are the danger limit to military operations in the eastern field. It is recalled by some of these observers that the equinox marked the turning point in the Napoleonic campaign. The first warning was light snowfall, preceding the equinox, but soon afterward heavy snows fell and with them came disaster to Napoleon.

Desperate fighting continues in the Dardanelles and in the vicinity of the spot where the British recently made their landing. The Turkish reports claim the recapture by the Ottoman forces of allied trenches with heavy allies casualties. These claims, however, have not been conceded by Great Britain.

The military operations in the western field have been confined to trench fighting. On the Austro-Italian front the Italians claim that their forces are slowly advancing northward.

POUND STERLING STILL DROPPING.

New York, August 31.—Two things stand out as the dominant feature of the foreign exchange market:

English gold and American securities to the amount of \$45,000,000 were on hand to help redeem the pound sterling from its lowest recorded depreciation.

The pound sterling dropped a cent and a half more in value.

New low values of the pound sterling have become a matter of daily occurrence. For the past five business days new records have been established each day. Today it was set at \$4.61, 26 cents below normal. There were no indications at the close of business today that the end of the slump was in sight.

In its downward plunge, sterling carried with it all continental exchange except Russian rubles, in which dealings were said to be extremely light. This money showed an improvement over Saturday, rising from 34.25 to 34.50. Francs went to 6.02 and lire dropped to 6.52. German reichsmarks fell to 80.78.

With the markets thoroughly demoralized, no one in high banking circles cared to venture an explanation or a forecast. Representatives of half a dozen high banking houses said they were not interested in the latest figures. This was taken to mean that they had virtually ceased to deal in foreign exchange for the time being. There was no method of determining the amount of business that was done in sterling, but there is every indication that a large quantity of bills had been presented here against European buyers and that this had forced rates down.

SATISFIED WITH GERMANY'S STAND.

Washington, August 31.—Press dispatches from Berlin saying Germany had decided upon a policy in connection with the sinking of the Arabic in accord with the recent statement of the imperial chancellor were noted with satisfaction in official circles here.

The chancellor said if it developed that a German submarine commander had gone beyond his instructions, Germany would not hesitate to give complete satisfaction to the United States.

So far as officials here know, the submarine commander who attacked the Arabic has not yet reported to Berlin.

Mr. C. L. Mains, the progressive Milverna merchant, has purchased another Kohler truck for use in the large passenger service he has built up in this country. This is the third truck that Mr. Mains has had in the last few months and is one of the best service vehicles in this vicinity.

THE MONTESSORI MOVEMENT.

The Montessori movement, considered by many a radical departure from traditional educational methods, is reviewed by Miss Anne E. George in the annual report of the U. S. Commissioner of Education recently issued. The method is summed up as "freedom for development of the child under best conditions, disturbing as little as possible but helping by every means this development."

Dr. Montessori's particular contribution to the world, according to Miss George, has been that of applying the best methods of experimental science to the study of man. The Montessori "didactic material," it is explained, tends to replace the teacher at the earliest stage of education and to make it possible for the child to accomplish his first work independently of a mature mind. "Out of such experiments and the environment that Dr. Montessori establishes," declares Miss George, "she confidently expects others to bring fresh facts, and to build up the content of scientific pedagogy through a method of research, limited by no personality, allied solely to human beings who develop in liberty."

As an instance of the crystallization of sentiment and effort in connection with the Montessori movement, Miss George describes the organization in May, 1913, at Washington, of the Montessori Educational Association, formed "to promote and develop in America the educational movement based on the principles and theories of Dr. Montessori, and to assist in the establishment and maintenance of schools for children and schools of observation and practice conducted according to these principles." This association now numbers approximately 700 members.

MRS. GERTRUDE TEGAR LOE.

After an illness of several months due to cancer, Mrs. Gertrude Tegar Loe died at the home of her sister, Mrs. J. J. Bullock, 1305 West University avenue, Urbana, at 4:25 o'clock Wednesday afternoon.

Mrs. Loe had come from San Diego, Cal., recently to visit her sister. The illness which resulted in her death had caused her much suffering, but she had endured her pain with remarkable fortitude.

The decedent was born in Kentucky on February 17, 1863, being a daughter of A. D. and Annie J. Owens. She was married twice, but leaves no children. Until recently she was engaged in the drug business in California.

Funeral services are to be conducted at the Bullock home at 8 o'clock this evening by Dr. A. C. Piersel, assisted by Dr. J. C. Baker. Mrs. J. C. Thorpe is to sing. At 5 o'clock tomorrow morning the remains will be taken to Chicago for cremation, in compliance with a request of the decedent.

WELL-KNOWN TRAVELING MAN DEAD.

John ("Jack") Leslie, aged 33, a traveling man of Cincinnati, well known in this city, passed away a few days ago at his home. Mr. Leslie has for the past few months been suffering from a nervous breakdown, but it was not thought that his condition was serious. His many friends in this city will mourn his loss.

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet, and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sensitive Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

"MISCHIEF MAKERS" BUSY.

Washington, August 31.—Persistent reports of efforts within the administration to displace William F. McCombs as chairman of the Democratic National Committee caused Secretary Tumulty to issue a statement from the White House saying he knew of no such movement and characterized the reports as "the work of mischief makers."

Chicago schools are installing billiard tables. One thing is a cinch—the boy who ranks 100 at billiards will be lucky to run 25 at geography or arithmetic.

WILL ENLARGE CABINET.

London, August 31.—The enlargement of the Russian cabinet by ten members, five of them to be chosen from the Duma, and five from the council of the empire, has been tentatively agreed on as a means of making the government more truly representative of the people, according to the Daily Telegraph's Petrograd correspondent.

"Since parliament assembled," the correspondent adds, "vigorous efforts have been made to devise some means by which the government and the representative chamber could co-operate more closely and effectively."

TURKISH COMMUNICATION.

Constantinople, August 31.—The following communication of the progress of operations in the Dardanelles was issued by the Turkish war office:

"The enemy on Saturday renewed stubborn attacks in the district of Anafarta which were repulsed with losses to the enemy. Counter attacking we recaptured trenches before our center, killing the occupants."

"In the fighting of the last two days our losses were comparatively small. Our airmen who took part in the battle, successfully dropped bombs on hostile camp positions."

AMERICAN TERMS MET BY RUSSIA.

Washington, August 31.—Final acceptance by Russia of the agreement for modifying the Russian embargo against exports to the United States was communicated to the State Department.

Under the agreement all goods coming to the United States from Russia will be consigned to the Secretary of Commerce and will be distributed to the importers only when the Secretary and the Russian embassy here have been satisfied that the goods will not be re-exported to the enemies of Russia.

The agreement is expected to release millions of dollars' worth of merchandise which American importers have been vigorously seeking.

WILL ISSUE BOOK—BRAZILIAN MINISTER TO MAKE FORMAL REPORT ON MEXICAN SITUATION.

Rio Janeiro, August 31.—At the next council of ministers, Dr. Lauro Muller, minister of foreign affairs, will submit to President Wenceslau Braz, the reply to the demand of the chamber of deputies for information concerning Mexican affairs. After the return to Rio Janeiro of Jose Manuel Cardoso de Oliveira, Brazilian minister to Mexico, a green book on the Mexican situation will be issued.

SHRAPNEL WORKERS STRIKE.

Dunkirk, N. Y., August 31.—The machinists employed in two of the shell departments at the Brooks plant of the American Locomotive Company, which is turning out shrapnel for the allies, have gone on a strike. The men demand an increase in wages. An amicable agreement between the company and the strikers is expected within a few days.

MARKETING OUR PEACHES.

Washington, August 31.—The peach crop of the country will amount this year, it is estimated, to more than fifty-eight million bushels. With the application of more scientific methods the crop has increased greatly in recent years and the peach grower is now confronted with problems of marketing rather than of production. Owing to their perishable nature peaches are unusually difficult to dispose of without loss, and good distribution is essential to prevent the glutting of some markets while scarcity and high prices prevail elsewhere.

In order to facilitate the proper distribution the United States Department of Agriculture has just published the results of a study of the movement of the peach crop in 1914. Georgia, it was found, ships practically double the amount of any other state. 4,803 carloads coming from there in 1914. California, Washington, Ohio, Michigan and Colorado follow with shipments of between two and three thousand cars. The other states bring the total to thirty thousand cars.

In handling this vast crop there is no uniformity in packing or grading. A change in this respect, it is said, would result in a higher level of prices, for high-grade fruit can almost always be disposed of. Another recommendation is that dealers in the smaller towns co-operate in buying peaches by the carload and in pushing their sale.

The publication already mentioned, Bulletin No. 298, contains in addition to statistics on the movement of the crop, a map showing the peach areas and a graphic calendar showing the duration of the shipping season in each state.

PAPERS INFLAME MEXICAN NATIVES.

Laredo, Texas, August 31.—Highly prejudiced news articles against the United States appearing in the Mexican press along the border, especially in some of the Monterey papers, have so inflamed the Mexican populace that United States custom officials have received orders, they admitted, to confiscate any papers that tended to incite race hatred. Postal officials were reported to be taking steps to bar such papers from the mails.

An instance of the extreme lengths to which some of the stories go was seen recently in a local Mexican paper, which reproduced an article published in Puebla, Mexico, saying that Major General Hugh Scott, chief of staff of the United States army, had advised Villa to attack Nuevo Laredo and force intervention by the United States.

The active concern which the administration is of late displaying over conditions in Mexico is a mere punctuation mark in the shameful story of "watchful waiting." The anti-American riots at Vera Cruz, which caused Commander McNamee to send in a hurry-up call for reinforcements, are the direct result of a do-nothing policy at Washington. The administration has been playing with fire in Mexico and the only wonder is that it has not been severely burned long ago.

Rev. A. F. Stahl returned Tuesday from Epworth, where he had been holding a revival for the past ten days, which was a very successful one. The church at Epworth is a strong one and in splendid condition and doing a grand work.

Mr. Charles Morgan, of Sardis, was a business visitor here Monday.

TAKE NEXT STEP REGARDLESS OF CARRANZA NOTE.

Washington, August 31.—It was stated authoritatively here that the next step in the American program for restoration of peace in Mexico was under consideration and would be taken in the near future regardless of what might be the nature of General Carranza's belated reply to the offer of Secretary Lansing and Latin-American diplomats to arrange for a conference of Mexican military and political leaders. No inkling was given, however, of what form this next development would take.

Responses from General Zapata and his military advisers reached the State Department, accepting the offer of the Pan-American conference. With the receipt of these replies, Villa adherents in Washington whose leaders already have favorably asserted that a peace convention to form a new provisional government in Mexico was assured even if Carranza should refuse to participate.

Administration officials heard of this announcement with interest, but said no arrangements for such a conference were now in prospect.

General Carranza's local agents declare that they expect the first chief's reply within a few days at the latest. They think it will come as soon as Carranza has completed the installation of his government at Mexico City.

Elizeo Arredondo, Carranza's confidential agent in Washington, has issued a statement denying reports of dissent in Carranza's forces and crediting them to the Villa agent.

Reports to the State Department from Torreón late in the day said the Villa forces had begun an attack on Monterey, the capital of Nuevo Leon, which is in the possession of Carranza troops under General Trevino. The message said heavy fighting was in progress but gave no details. Earlier reports to the Villa agency said Carranza generals were calling in reinforcements to Monterey from Tampico and other cities.

State Department advices also said railroad communication between Piedras Negras on the Mexican border and Monterey still was interrupted and that the American Red Cross was unable to get a trainload of supplies through to Monclova and Sattillo, where there has been destitution among the natives for some time. These were the first official reports regarding military activity in north-eastern Mexico to reach the Department for some time, although unofficial reports have been current that a battle between Villa and Carranza forces for possession of Monterey was pending.

Mr. and Mrs. Harry McChesney and children, of Frankfort, were here Monday on their way home from Lewis county, where they have been on their vacation.

MANCHESTER TO PLAY REGULARS HERE SUNDAY.

The fast Manchester baseball team has been engaged by the Regulars for a game here Sunday. The Manchester crew defeated the Regulars at Manchester last Sunday by the score of 5 to 0, but as this game was played at the up-river town, the Regulars think they can turn the tables at this end and promise a good game to all who attend.

Manager Dinger will have the boys out all week drilling them for the big game and the Manchester bunch had better look to their laurels, as Frost, the star pitcher of the Regulars, says that he can trim them to a fare-thee-well. The game promises to be a hot one and the fans should attend in a body and root for the Regulars, who gave them a good article of baseball when the O. S. L. was not in this city.

FLAGPOLE PLACED IN POSITION.

Tuesday afternoon Messrs. Harding and Simons, contractors, placed the new flagpole recently purchased by the Lyceum Committee in position on the northeast corner of the High School campus. The pole is over fifty feet in height and is of iron piping, being four inches in diameter at the base and tapering down to two and a half inches at the top.

A large enamelled ball caps the pole. The erection of the staff consumed several hours work and required a block and tackle and several men to handle it. It is firmly imbedded in eight feet of ground with cement filler, making it steady against the heavy strain that will be placed upon it. Within a few weeks the flagpole will be dedicated with appropriate ceremonies at which the school children of the city will assist.

WORK ON NEW BUILDINGS PROGRESSING NICELY.

Work on the new buildings and residences going up about the city is progressing nicely. The Everett building on East Second street is now two stories high and the contractors are working on the third story. The building is of brick and steel construction and is fireproof.

The new building of the Model Laundry Company, now under construction, on East Second street, is progressing nicely and in a few weeks will be ready for occupation.

These new business houses are a decided step forward in the progress of the city.

PLAN STEAMBOAT EXCURSION.

The fans of this city will have a chance to see the Colonels and Portsmouth Cobblers at Portsmouth during the post-season series if the plans of several of the business men of this city work out. It is the plan to engage the palatial excursion steamer Homer Smith for the trip to and from Portsmouth at each game and if this is done local fans will have a fine chance to see the team in action away from home and get a fine boat ride as well. The price that they propose to charge for the boatride is very reasonable and if the Smith can be chartered they may be sure of a large crowd.

ATTEND CONVENTION OF FIRE CHIEFS.

Chief Newell of the Maysville Fire Department and Coroner Charles Slack left Wednesday morning for Cincinnati to attend the fire chiefs' convention at Music Hall in that city. The leading chiefs of the country will be in attendance and all the most modern fire apparatus will be on exhibition. Former Chief Edward Hite, of the Maysville Fire Department, is the vice president of the convention, having been elected to that position at the last convention in New Orleans.

LARGE PARTY MOTOR THROUGH THIS CITY.

A large auto party motored through this city Wednesday from Harrodsburg on a tour of the state. Those who were in the party were Messrs. John B. Mann, Louis Bould, C. B. Chatham, J. G. Pulliam, J. G. Griffith, Leon Summers and Lewis Summers.

SCHOOL BOARD MEETING CALLED OFF.

The meeting of the Board of Education set for Wednesday evening has been called off, as the necessary quorum could not be gotten. This is time of year that all members are on a vacation, hence the delayed meeting.

NOTICE TO CONTRACTORS.

Bids will be received until September 6, for building an addition to the Eastland school building. Plans and specifications can be seen at my office.

JESSIE O. YANCEY,
Supt. County Schools.

A good live proposition is now on the amusement market, the Gem theater at Ewing, Ky., now being for sale. This show house is of the highest order and no one would make a mistake in purchasing the plant.

The Woman's Club will meet Thursday afternoon at 2 o'clock. Important subjects will be under discussion and full attendance is desired.

Mr. and Mrs. Walter Worthington and daughter, Miss Sallie, of Minerva, are visiting friends in central Kentucky.

Mr. Charles Broese, who has been seriously ill at his home in Washington, D. C., is now in a critical condition.

Kodaking is not expensive if you know how; let "DE NUZIE" teach you. It's free.

Mr. C. LeCompte, of Eminence, is in this city today visiting friends.

Mr. W. J. Curtis, of Mt. Olivet, is in this city today on business.

ANNOUNCEMENT

The following prices f. o. b. Detroit, effective Aug. 2, 1915:

Ford Runabout	\$380.00
Ford Touring Car	440.00
Ford Town Car	640.00

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to Aug. 1, 1916.

Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars.
